

UITM GREEN SUMMER SCHOOL

Cybersecurity and Sustainability for Smart Cities

5-9 **OCTOBER**
2026

RZESZÓW, POLAND

HOST:

University of Information Technology
and Management in Rzeszów, POLAND

ECTS: 3

EVENT OVERVIEW

The SUSEE Summer School is a five-day intensive programme exploring the intersection of cybersecurity and sustainability in the context of smart cities.

The programme combines expert lectures, practical workshops, case studies and an industry visit with collaborative team projects to develop system thinking, risk management and solution design skills.

The week concludes with team presentations and a certificate ceremony.

Duration

5 days (Mon - Fri)
5.10.2026 - 9.10.2026
